ABOUT US

Africa Institute for Capacity Development (AICD) provides management trainings, research and consulting services to governments, quasi government institutions and the private sector all over the world.

AICD is non-political, non-religious, non-discriminatory and an equal opportunity entity that is run by a Board of Directors, a management of top programme leaders with experience in capacity building, a team of professionals, and co-opted strategic alliance professionals.

AICD desires to see Africa prosper through results based management skills, trained personnel and implementation of effective development oriented policies.

VISION

Our vision is to deliver sustainable human capital for the future

MISSION

To become an internationally acclaimed training provider that crafts great business minds to uphold best practices in the areas of their functionality through adoption of excellent training programmes.

To provide innovative training and development solutions that will enable our clients to maximize the growth of human capital in their organisations and to uphold a commitment to quality and ethical standards in education, training and development.

KEY AREAS

- Business Re-engineering and Process Improvement
- Training and Development
- Productivity
- Consulting
- Research and Assessment
- Entrepreneurial development

OBJECTIVES

- Closing the gaps between organisational skills need and employee skills development is the main objective of AICD
- Provision of short term training to Government, NGO's and Private Organizations and Enterprises.
- Establishment of strategic alliances with other development partners with a view to coming up with socioeconomic strategies that engender the development of Africa along its shared values and objectives.
- Provision of locally and internationally accredited courses.
- To provide ongoing training solutions that meet the evolving needs of the market.

METHODOLOGY

We believe in customizing and developing specific solutions through a collaborative process designed to identify a client's needs, requirements and objectives.

Programmes are conducted from our premises /offices, by qualified professional facilitators whose medium of delivery is through the use of problem scenario analysis, multi-media presentations, session discussions, onsite study visits, lectures, small group assignments, case studies, group discussions, workshops, writing assignments, and participant research and presentations and other appropriate presentation tools.

AICD staff guide participants in reflecting on their experiences and developing feasible and meaningful action plans to apply newly acquired knowledge and skills to their own place of work or study.

Programmes last anywhere from one week to two weeks, after which time participants return to their home countries. We tailor each programme's content to its respective participant profiles, its thematic concentration, and its country's needs.

We also do in-house training to organizations, where we send our highly qualified facilitators to train groups of between 10 and 20 people in various programmes at the client's premises or organization. We also assist in the development of course material to meet your organization's needs as well as the facilitation.
